Chili Appreciation  
Society International

## Corporate Membership Program

A great option for those small businesses that want to show their support for our organization. This program is an annual donation of one hundred twenty five dollars. The funds raised from corporate memberships are slated for the General Fund. It is another way to help defray the expenses throughout the year. Corporate members receive a plaque that is suitable for placing in public spaces to advertise their charitable support of CASI. Corporate members are also listed monthly in the Terlingua Trails and members are encouraged to patronize their businesses. We know that CASI members are extremely loyal to all our sponsors and in turn, our sponsors appreciate their patronage.

You can also purchase a Corporate Membership as a gift to show your appreciation for their continued support of your event. For example, you have had chili cookoff or Pod event at a local bar, lodge, post etc. for a number of years. Presenting them with a corporate membership and plaque is a great way to say 'Thank you' for offering their place of business and providing support. They proudly display their plaque in their place of business for all to see.

Corporate memberships are geared toward small businesses that want to participate in a charity sponsorship without the prohibitive costs involved.

We encourage everyone to consider this option as a way to say 'Thank You' to your hosts.
